

## ESSENTIALS OF QUALITATIVE RESEARCH COURSE SERIES

### MASTER'S STUDENT PATHWAYS

For Master's students wishing to increase their knowledge and skills in critical qualitative health research, there are two trajectories through the CQ curriculum, depending on their experience and academic background. Below are the suggested pathways. For more information about the EQR course series, including course descriptions, go to <http://www.ccqhr.utoronto.ca/education/about-course-series/>

#### Pathway 1

For those looking for a comprehensive introduction to qualitative research, below is a list of potential courses.

PHM 1137 or

EXS 5510 or

CHL 5107

#### Pathway 2

For those who have prior experience with qualitative research and are completing a master's thesis, or preparing to conduct qualitative research in a PhD program, below are potential pathways.

PHM 1137 or

EXS 5510 or

CHL 5107

JRP 1000 or

SWK 4512 or

EXS 5540 or

CHL 5134
